Dear Reader,

Welcome to the next edition of SAMRIDH Strides. The past few months have been nothing short of exciting for us. From new partnerships, learning events to receiving recognition for our efforts at a global platform, SAMRIDH continues to make steady and perhaps even accelerating progress towards its

afforded us the opportunity to meet a lot of our stakeholders inperson over the past quarter. These interactions have helped us in further strengthening our collaborations. Moreover, they have reinforced our belief in SAMRIDH's approach and the impact it is

mission to strengthen India's health systems. **Technical Support Unit** The improved COVID-19 situation in the country, has also

making on the ground. As always, Team SAMRIDH remains committed to improving healthcare services for the vulnerable populations in India.

Wishing safety and good health to all!

capital, SAMRIDH through its blended finance model helps mitigate risks by bringing together these investors and provides banks with appropriate risk mitigation structures like First Loss Default Guarantees, Cash Collaterals, and others. This partnership, therefore, helps both parties - the companies get access to more affordable bank finance and banks get protection from start-up failure risks.

RECENT

supporting women entrepreneurs in healthcare ecosystem. Through this partnership, HDFC Bank and SAMRIDH will work closely to structure innovative financial instruments and blended financing solutions to enhance investments in high impact solutions in the healthcare sector. SAMRIDH announced its partnership with Andhra Pradesh MedTech Zone Limited (AMTZ) for enhanced access to

innovations and blended finance for health start-ups. The Memorandum of Understanding, signed on 14 July, will enable SAMRIDH-supported health businesses to access the AMTZ manufacturing set-up to accelerate production of high impact health solutions. With AMTZ bringing in its extensive and rich experience in incubating and nurturing MedTech start-ups, and SAMRIDH leveraging its expertise in enabling healthcare businesses with easy and affordable access to capital and business advisory services, this

collaboration is a crucial step forward to spur growth and innovation in the MedTech space. SAMRIDH wins the 2022 P3 Impact Award at the Concordia Annual Summit, in New York SAMRIDH was announced as the winner of 2022 P3 Impact Award, by the U.S. Department of State's Special Representative for Global Partnerships, Dorothy McAuliffe, at the Concordia Annual Summit, in New York, on September 20th, 2022. This award is led by the

Office of Global Partnerships at the U.S. Department of State, the University of Virginia Darden School of Business Institute for Business in Society, and Concordia. Each year, the award is presented to recognize exemplary cross-sector collaborations for providing innovative solutions to pressing challenges in areas such as economic growth and development, sustainability, and global health. SAMRIDH is the first Indian initiative to receive this global recognition for catalyzing a multi-sectoral collaboration to improve healthcare services for hard to reach & vulnerable populations in India.
